

Charlotte Harbor Environmental Center, Inc.

PUNTA GORDA, USA

Check Out CHEC - Alligator Creek

Welcome to Charlotte Harbor Environmental Center. My name is Gayle and I will be your guide today. Charlotte Harbor Environmental Center is a non-profit 501 (c)(3) corporation, established in 1987, that provides environmental education, research and conservation lands management services. Visit our website at www.checflorida.org/ for further information about our facilities and programs.

This is a short hike to the Caniff Visitor's Center that can be accessed any time of year. It will familiarize you with the facilities here at Alligator Creek and a few of the common plants and animals you may encounter on our trails. You may even see a Lubber Grasshopper (*Romalea microptera*) like the one in the picture.

Using This Tour

You are reading this page so you have access to the whole tour through your internet connection by clicking on the appropriate stop when you see the trail sign. Note that, depending on your plan, you may incur charges from your internet provider. You can download the whole tour to your device before you come to CHEC from our website or from the url <http://www.youraudiotour.com/tours/1640>. Additionally, on each of the signs along the trail, there is a QR Code. Scan the code to get the information on that stop and a list of the other stops along that trail.

You can either read the stop or have it narrated by clicking the play button right under the picture. Stops may be changed or modified as conditions and seasons change.
